

FRIENDS OF MEAFORD LIBRARY
Executive Special In Camera Meeting
October 23, 2025 4 p.m.

Leslie received a phone call from TC Energy, requesting further information about FOML, about our mission, and how we help the Meaford Library. They then said that they would like to donate \$2,500 to FOML to help support the Library. The caveat was that they would like public acknowledgement of this donation.

After some discussion, it was decided that accepting the donation would be too politically charged. FOML is apolitical, and Leslie suggested that the donation could be made directly to the Library, without going through FOML.

All present were in agreement.
