

Friends of Meaford Library Summer Concerts 2026

Concert #2 by Beaker Granger on Sunday, 05 July 2026

Beaker Granger typically smiles as he climbs on stage. He brings with him years of performing, song writing, recording and many miles of international touring.

As a member of the Canadian Folk Rock harmony powerhouse RPR, UK's legendary Magna Carta, Paige Warner, Solo and others, Beaker has toured Canada, the US, Jamaica, England, Scotland, Wales and most recently performed in Mexico. The Beaker penned song "The Fall of Grace" was used in the feature film "Miles From Nowhere", while "Brand New Girl" still enjoys rotation in the UK.

More locally, he can be found singing behind the Drumkit with Tinman and the Flying Monkeys, Horseshoes and Handgrenades, Juanita and the Big Deal as well as many theatre shows, such as The Last Waltz, Woodstock...

You can also find him out fronting the SOUVENIRS show with Guitar in hand, handling the lead vocals for the popular John Prine tribute show, not to mention solo here and there wherever acoustic music is performed.

Your typical Beaker show is a lot like hanging with an old friend singing all those great songs ... reminiscing, laughing, sharing time and tales."

Always an engaging experience as Beaker Granger brings music to life ... and life is good.
