The Brown's Classics is a talented husband and wife musical act that has brought their unique music and memories vibe, along with their timeless repertoire, to locations across Grey Bruce and surrounding areas since 2013. They have the essence of a full band sound and perform the best Classic 70's Lite Rock, Classic Country & Classic 50's Motown. They also have a Classic Christmas Show. They have both been part of the Canadian music scene for more than 40 years. Doug previously played in several bands and continues to study guitar daily, plus Heather has previously sung professionally with several choirs and bands. They currently entertain primarily in Grey/Bruce, performing for seniors in nursing homes and community living venues and have been engaged for family reunions, anniversaries and a number of summer events. They have also performed as part of the Friends of Meaford Library summer concert series since 2014 where they are a perennial favourite.
